

TITAN Skull microphone

HUC2-TP

Bone conduction helmet communication with Nexus TP120 connector

- Bone-conductive, dirt protected microphone
- Quick-release connector
- Especially suitable for fire and rescue tasks
- Unique fastening-strap system fits all helmets
- Mounts without any tools
- Light and compact

SKULL MICROPHONE

Part number: HUC2-TP-01

Part number: HUC2-TP-02

Technical data

Weight	85g	Speaker impedance:	32 Ohm
Size	40x160	Connectors:	4-pole quick-release connector
Cable:	2.9mm PU	Operating temperature:	-25 to +85°C (continuous)
Microphone:	Vibration-sensitive, impedance approx. 3500 Ohm @ 1 khz	Storage temperature:	-25 to +63°C
		Humidity:	95% RH, 63°C for 500 hours
